

Dear members of the Judiciary Committee:

I wish to voice my opposition to Senate Bill 16. I realize it is an election year so that probably explains why you are trying to pass so many horrible anti-gun laws. This one has got to be the worst. Personally, I ride the bus often and especially in these times when you can't control crime, you want me to get on the bus without my legally allowed pistol to defend myself?

I oppose SB 16. You should too!

Yours truly,
